GRW Engineering (Pty) Ltd

6<sup>th</sup> June 2008

Dear Gerhard

## **Award of SAIW Gold Medal**

I am very pleased to inform you that at a recent meeting of the Institute's Council GRW Engineering was nominated and confirmed as the winner of the Institute's Gold Medal. This award was first presented in 1966 and is the Institute's highest award made to an individual or company in recognition of an outstanding contribution to the Institute or the application of welding technology. The citation for the award to GRW Engineering reads:-

**'In recognition of an outstanding example of building a world-class tanker business using the application of modern welding and cutting technology'**

The presentation of the award is made at the annual dinner which will be held Friday 25<sup>th</sup> July 2008 at the Balalaika Hotel in Johannesburg.

For your information I can mention the nomination of GRW Engineering was first motivated by Klaus Weber last year before his untimely death. His proposal was recently taken up by SAIW Council which decided to make the award.

I know the award is well earned in this our 60<sup>th</sup> anniversary year– many congratulations!

Yours sincerely

*Jim Guild*

Executive Director
